REGULATIONS ON REPLACING LOST WORKBOOKS, NUMBER OF LABOR AWARDS

REPLACEMENT OF LOST WORKBOOK -- Budapest, Szabad Rep, 18 May 52

The workbook is one of the most important personal documents of a worker. If the book has been damaged, destroyed, or lost, a duplicate must be secured by filling out a duplicate-request sheet, which can be obtained from the workbook-issuing authority of the jaras, town, or city district council.

The request must be accompanied by the following:

- 1. Personal documents of the worker: birth certificate or military service book (marriage certificate for women), and certificate of residence.
- 2. Proof that the worker has been employed for the last year stating place of employment and the reason for which employment was terminated. This document must be certified in writing by the former employer. If the worker was unemployed during the year in question, he must give proof of the duration of his last job and the circumstances under which it was terminated.

In case the worker states on the request that he left his previous employment arbitrarily or that he was summarily dismissed by disciplinary action, no documentation is needed to prove this fact or the duration and manner of termination of the previous employment.

The worker is required to affix a 25-forint tax stamp to the request.

REGULATE LABOR AWARDS -- Budapest, Magyar Kozlony, 20 Apr 52

Under Resolution No 5 of the Presidential Council, henceforth 200 awards of the Magyar munka erdemrend ezust fokozata (silver medal of merit of Hungarian labor) may be made annually, as compared with a maximum of 140 a year heretofore.
